Like most leaders, you got into ministry to help people to experience real transformation by meeting Jesus in the pages of Scripture.

The problem is that even though most people have access to the Bible, many don't engage with it. The Bible is God's Word, so why is it so difficult to get people to open it?

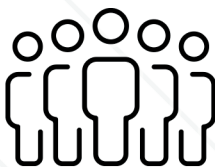

That's where Bible Engagement Project comes in. When your church subscribes, you'll be fully equipped with digital curriculum to engage every age group with Scripture.

Imagine your church rooted deeply in the truth of Scripture, with hearts burning for Jesus—it's possible!
